

Test case

Render All Bots Information

Description

This test will verify that all bot cards containing their picture, health, and two attacks will be shown after clicking the “See All Bots” button.

Pre conditions

- On the Duel Duo Page
- URL does not contain any params or query
- All text and buttons are displayed

Steps

1. Upon rendering the Duel Duo page, click the “See All Bots” button.
2. Click the “Draw” button, then click the “See All Bots” button.
3. Click the “Add to Duo” button on any of the bot cards, then click the “See All Bots” button.
4. Click the “Remove from Duo” button on the bot card under “Your Duo”, then click the “See All Bots” button.
5. Repeat steps 3 and 4 for all five bots drawn.
6. Add two bots to Duo, click “DUEL!”, then click the “See All Bots” button.

Post conditions

- In each of the step, under any circumstances, if the “See All Bots” button is clicked, the webpage should show all the possible bot cards containing their picture, health and two attacks.

Bug report

See All Bots Bug Report

Description

Upon clicking the “See All Bots” button, there is no response from the webpage. The bot cards of all possible bots are not shown.

Steps to reproduce

1. Upon rendering the Duel Duo page, click the “See All Bots” button.
2. Click the “Draw” button, then click the “See All Bots” button.
3. Click the “Add to Duo” button on any of the bot cards, then click the “See All Bots” button.
4. Click the “Remove from Duo” button on the bot card under “Your Duo”, then click the “See All Bots” button.
5. Repeat steps 3 and 4 for all five bots drawn.
6. Add two bots to Duo, click “DUEL!”, then click the “See All Bots” button.

Expected result

- In each of the step, under any circumstances, if the “See All Bots” button is clicked, the webpage should show all the possible bot cards containing their picture, health and two attacks.

Actual result

- The “See All Bots” button is clicked in every steps. Each time the button is clicked, there is no response from the webpage. No information about all possible bots is shown.

Test plan

Duel Duo Test Plan

Description

Overview:

Test the functionality of the app.

Links:

<http://localhost:4000>

Test Criteria:

- All information and buttons are rendered.
- "See All Bots" button will show the bot cards of all possible bots.
- Five bots are drawn when the "Draw" button is clicked.
- "Add to Duo" button can add the bot to "Your Duo".
- User is not allowed to add more than two bots to "Your Duo". Alert will be displayed if user attempts to do so.
- "Remove From Duo" button removes the bot from "Your Duo".
- When user has two bots in "Your Duo", the "DUEL!" button allows user to proceed and start the fight
- After the user starts the fight, the bot cards of the user's duo and the computer duo, as well as the result of the fight will then be displayed.
- The results panel should document the correct number of wins and losses.
- The "Play again!" button brings the user back to draw bots again.

Entry Criteria:

- Test criteria provided
- Running version provided for testing
- Computer for testing

Exit Criteria:

- All tests have passed

Other details:

- Environment
- Should run on any modern browser, and be fully functional, and reasonably styled.
